

# Louvolute Perfect Fit<sup>®</sup> Window Blinds

innovative window blind system

Revolutionary new blind fitting system

No drilling or screwing into windows or walls

Fantastic fit and integrated finish

No drill holes

No screws

Easy to fit!

...just great looking window blinds!

Unique fitting system  
allows blinds to be  
installed perfectly in  
double glazed sealed  
unit applications

Brackets slide into place -  
frame locks onto brackets!

Louvolite Perfect Fit® will  
change the way blinds are  
fitted forever. Window  
blinds look better, perform  
better and are more  
desirable when used in  
conjunction with Perfect Fit.

add real style to your windows, roofs and doors

No holes drilled into the windows

Quick and easy to install - in seconds!

Stylish and contemporary appearance

Suitable for side windows, doors, roofs & skylights

When blinds are taken down, window is left  
in pristine condition

Controls sunlight

Enhances privacy

Improves insulation

Easily removable for cleaning

Leaves window sills clutter free

Whatever the shape and size of the window, Louvolite Perfect Fit® roof blinds can be fitted into conservatory roof systems to provide excellent solar control without the need to drill holes or fix screws into the framework.

## Superior shading for your home

Tilt and turn windows

Safe and secure when fitted, Louvolite Perfect Fit® quickly becomes an integrated part of your windows and doors, allowing total movement as required. Skylight windows will also reap the benefits from this flexible window blind system.

Doors

## Tilt and turn windows...plus doors

Venetian blinds

Insist on Louvolite Perfect Fit® window blinds
